## Registration fee:

Scholars/Students: Rs 200/-  
Professors/ Librarians: Rs 500/-  
Book Publication charges: Rs 1000/-

## Concept Note:

Intellectual property (IP) is a term used to describe the ownership of an idea or design by the person who has created it. It gives the owner exclusive rights to their creation, meaning that no one else can copy or reuse it without their permission.

Intellectual property (IP) rights are a set of legal rights that give creators and innovators certain exclusive rights to their work. These rights can include the right to reproduce, distribute, perform, display, create derivative works from, and sell their work. IP rights are important for a number of reasons.

Firstly, IP rights protect the investments that creators and innovators make in their work.

Secondly, IP rights encourage innovation. Creators and innovators are more likely to invest their time and money in new ideas if they know that they will be able to reap the benefits of their work.

Thirdly, IP rights promote competition and encourage others to develop new ideas/products that compete with the patented ones. This competition benefits consumers, by widening their choice.

Finally, IP rights protect consumers. When consumers buy products that are protected by IP rights, they can be confident that the products are safe and reliable. IP rights also allow consumers to make informed choices about the products they buy.

In conclusion, IP rights are important for a number of reasons. They protect the investments of creators and innovators, encourage innovation, promote competition, and protect consumers.

## About the College:

Sitaram Mahato Memorial College has started its functioning from the Academic session 2013-2014 after being affiliated to the Sidho-Kanho-Birsha University, with an aim to provide opportunity of Higher education mostly to the students of Kenda P.S of Pancha Block in Purulia, who come from the backward sections of the society. The scope of Higher Education for the students of this locality has been rare as they find it difficult to continue their studies at existing colleges situated at Manbazar and Purulia, which are far away from this place. To overcome this situation some well-wishers and social workers of this locality came forward with immense interest to fulfil the dream of a college under the leadership of Purulia Pally Seva Sangha. They went on collecting donations small or big, from door to door and succeeded remarkably.

### Organising Committee:

Dr Trishna Bhui

Librarian

Sitaram Mahato Memorial College

Dr Debabrata Banerjee

Assistant Professor and HoD

Department of English

Sitaram Mahato Memorial College.

Dr Jayanta Mandal

IQAC Coordinator.

## **Sub Topics:**

1. Importance of IPR in academics
2. Copyright in artificial intelligence
3. Plagiarism in IPR
4. Copyright law in India
5. IPR in Indian scenario
6. Patent and its issue
7. Content generated by AI tools vs IPR related issues
8. National and International IPR policies
9. Commercialisation of IPR
10. Digital library & copyright challenges
11. Data management and copyright
12. Preserving knowledge: Intellectual property in library collections
13. AI & copyright challenges in libraries

## **Objectives of the Seminar:**

The seminar aims to provide attendees with a holistic understanding of intellectual property rights (IPR) and their significance in various aspects of research, innovation, and protection.
